

# hGraph MVP v1.0

## A. Onboarding

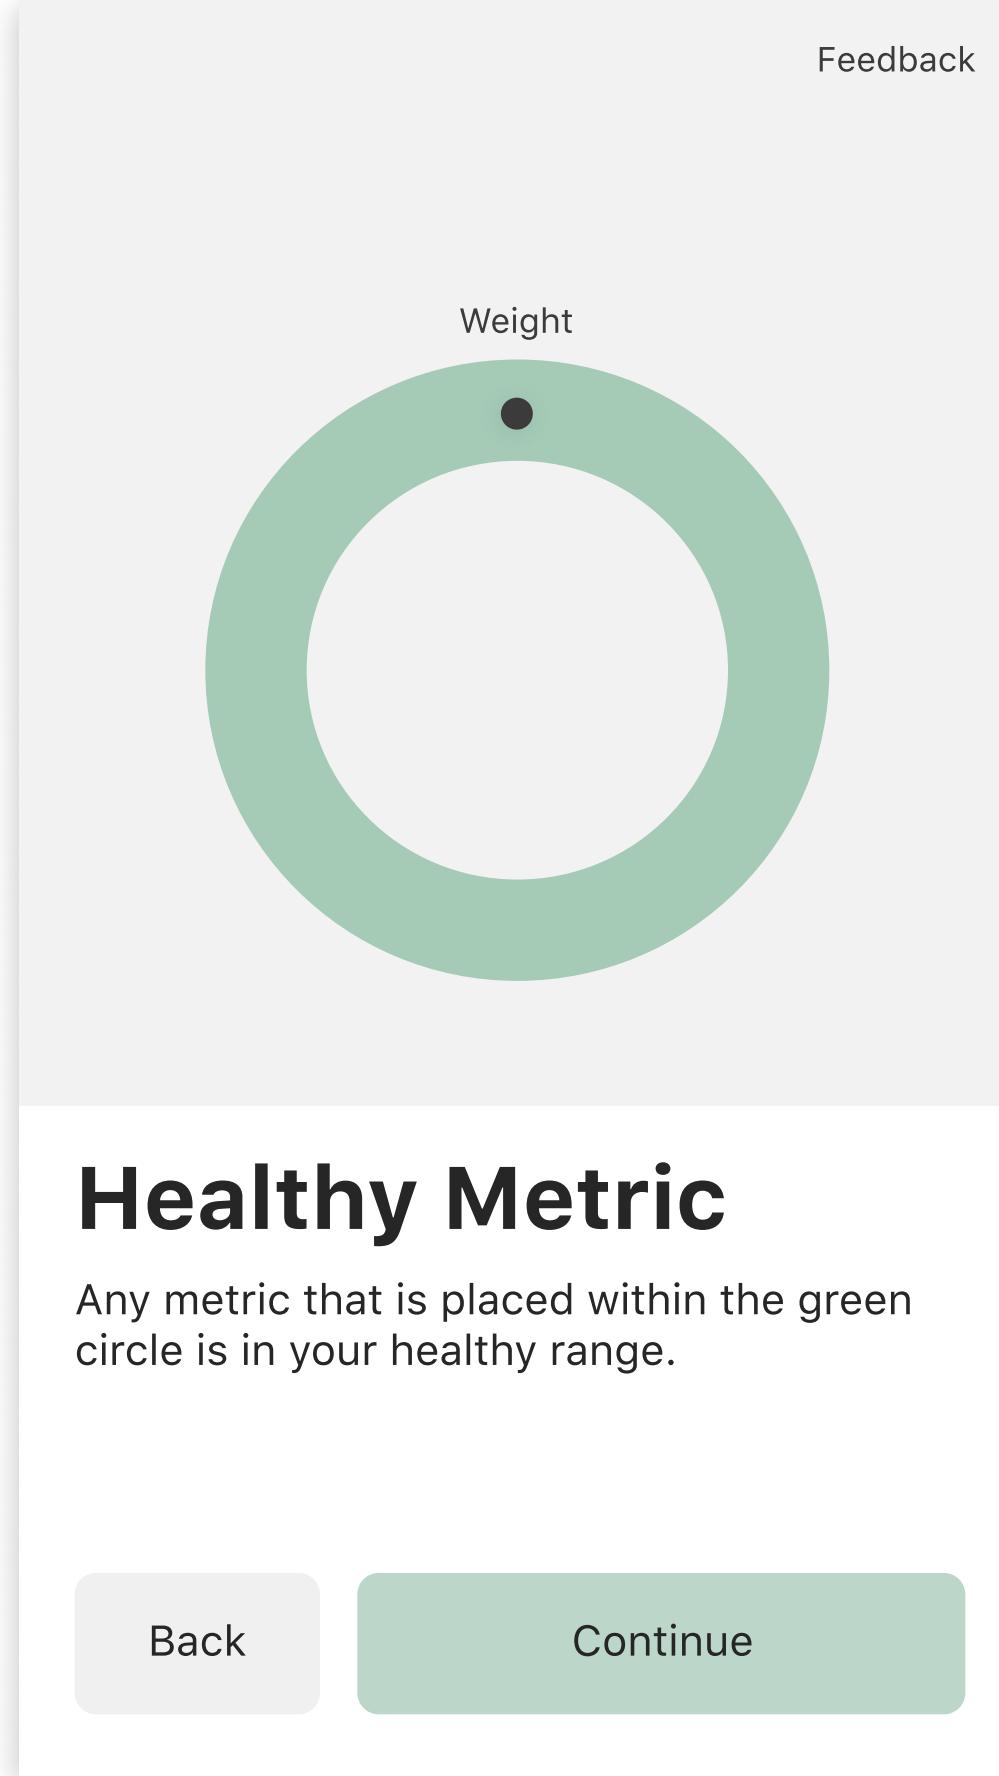

1. hGraph Welcome

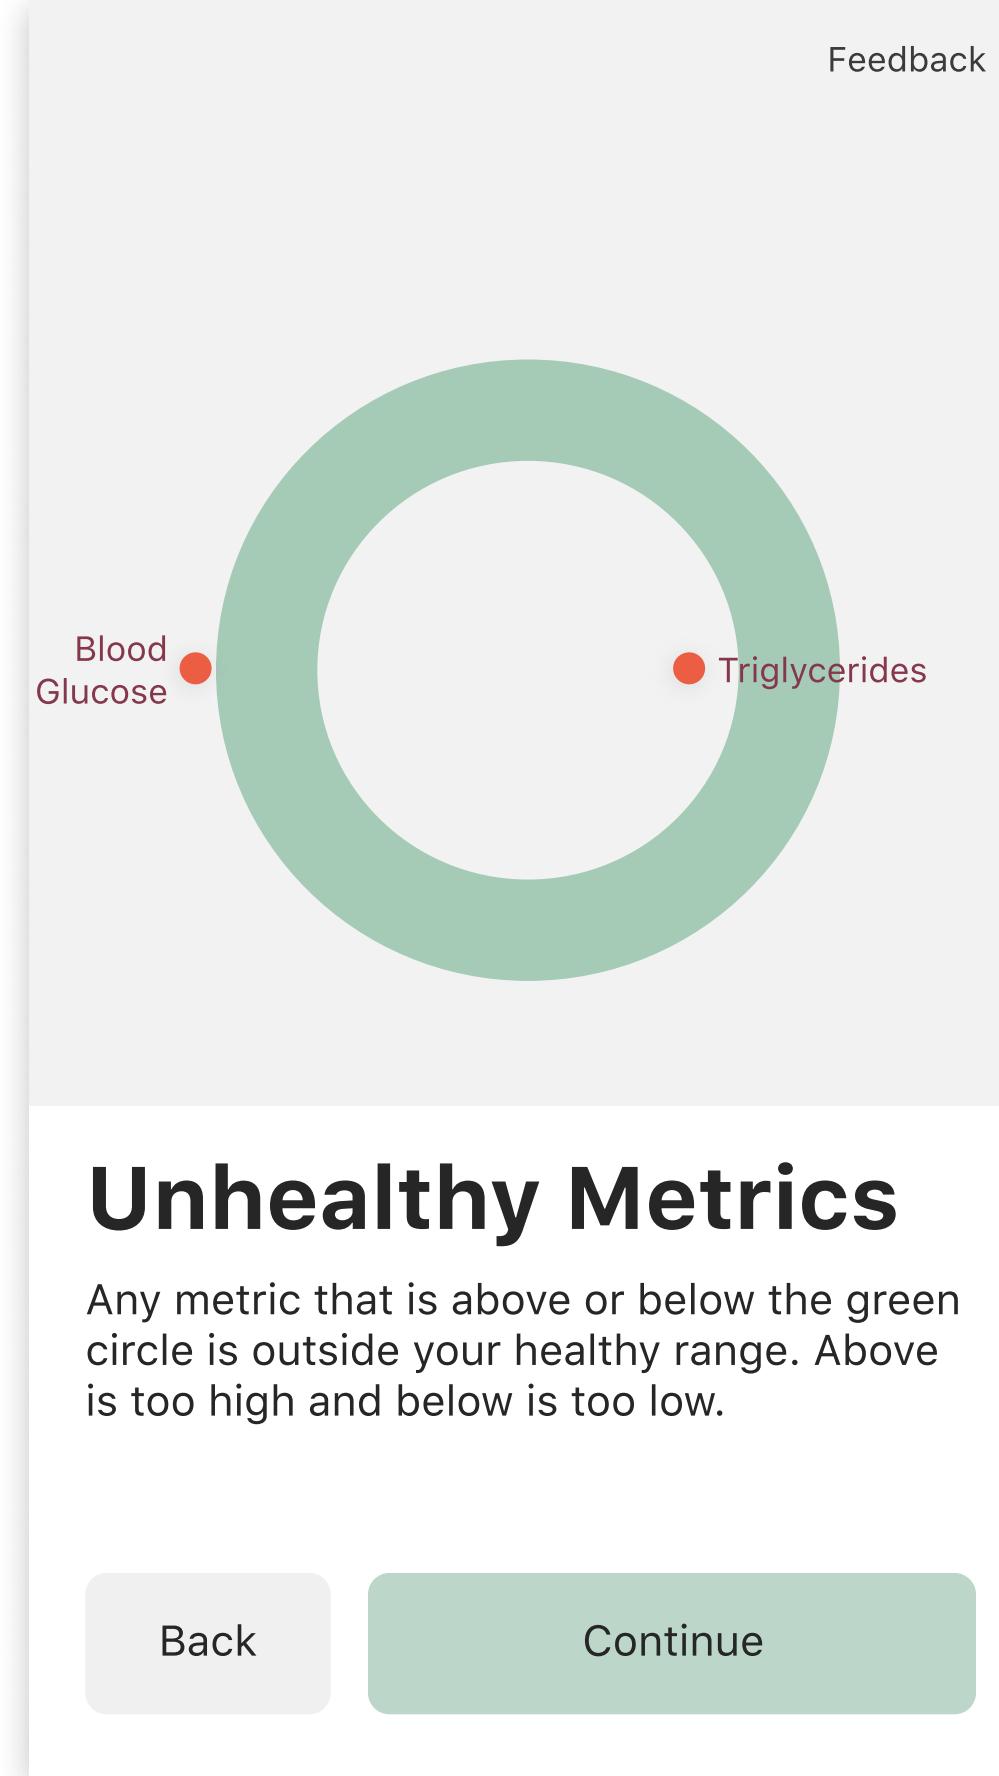

2. Green Donut

3. Healthy Metric

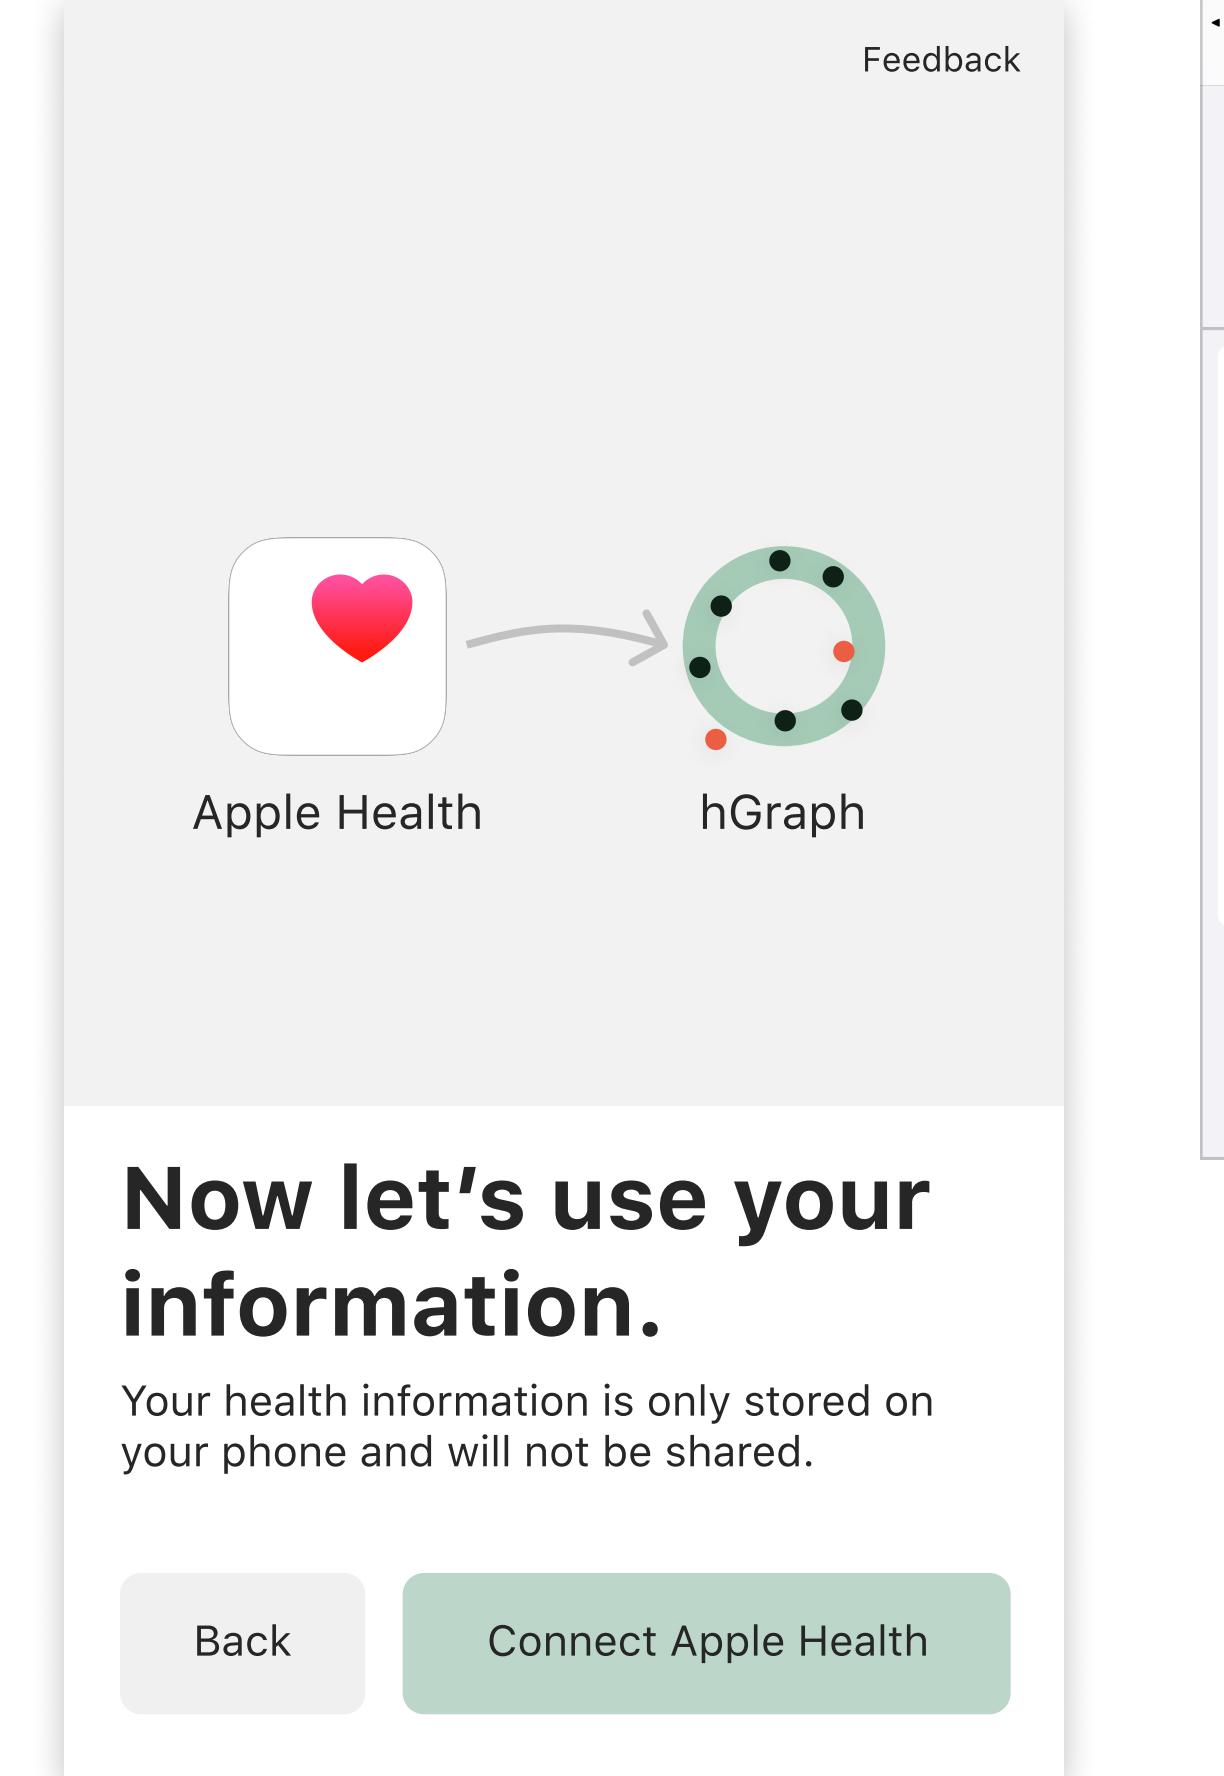

4. Unhealthy Metric

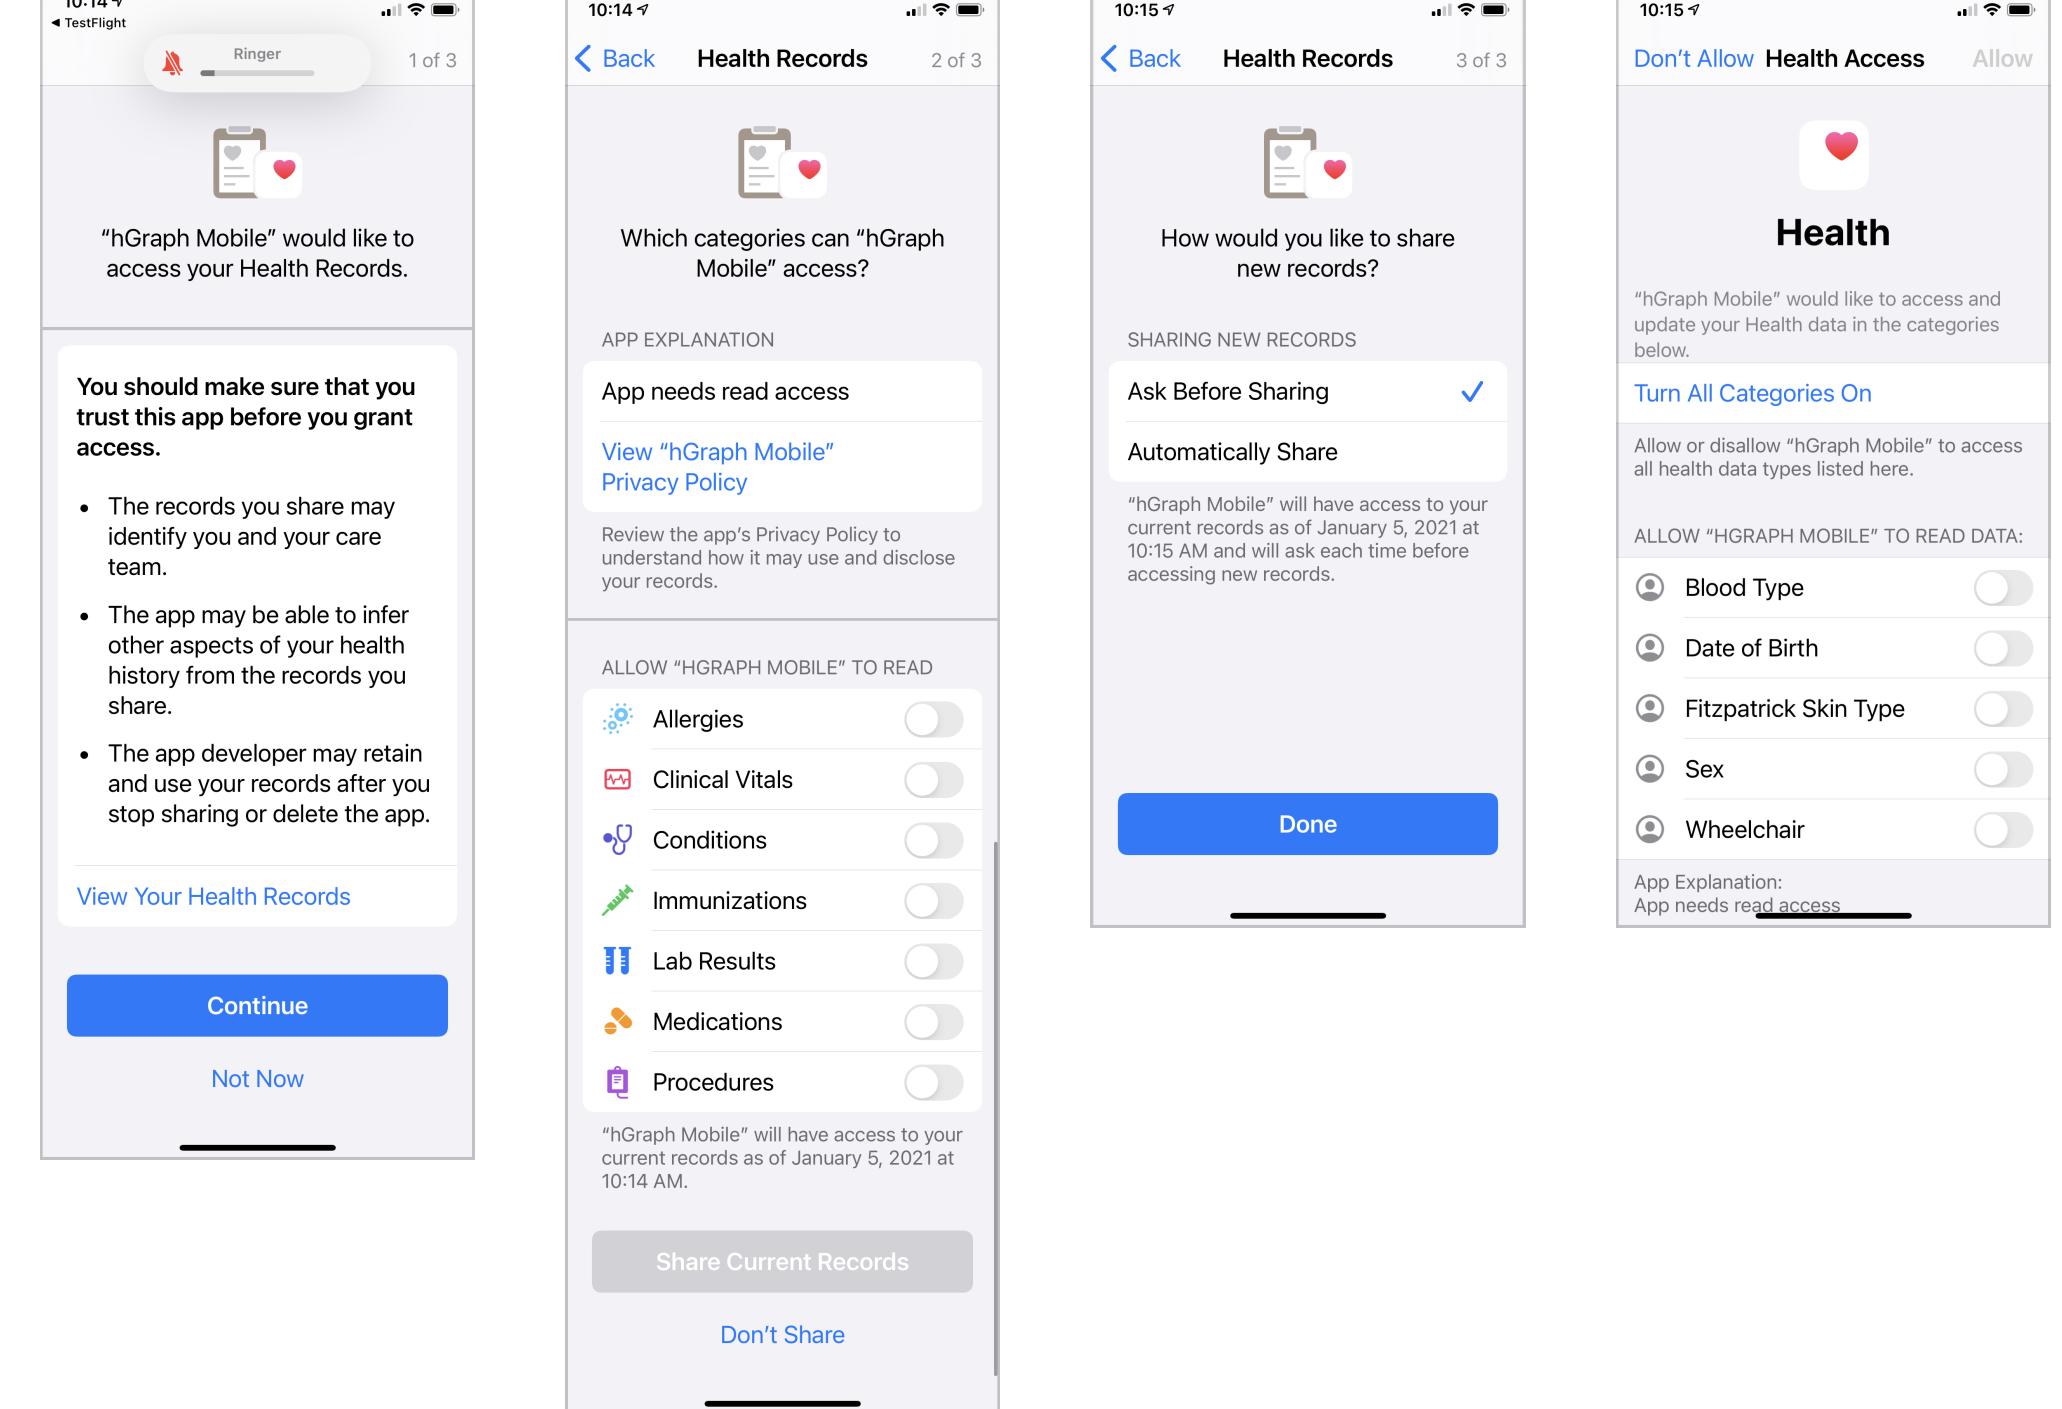

## B. Apple Health

5. hGraph & Apple Health Intro

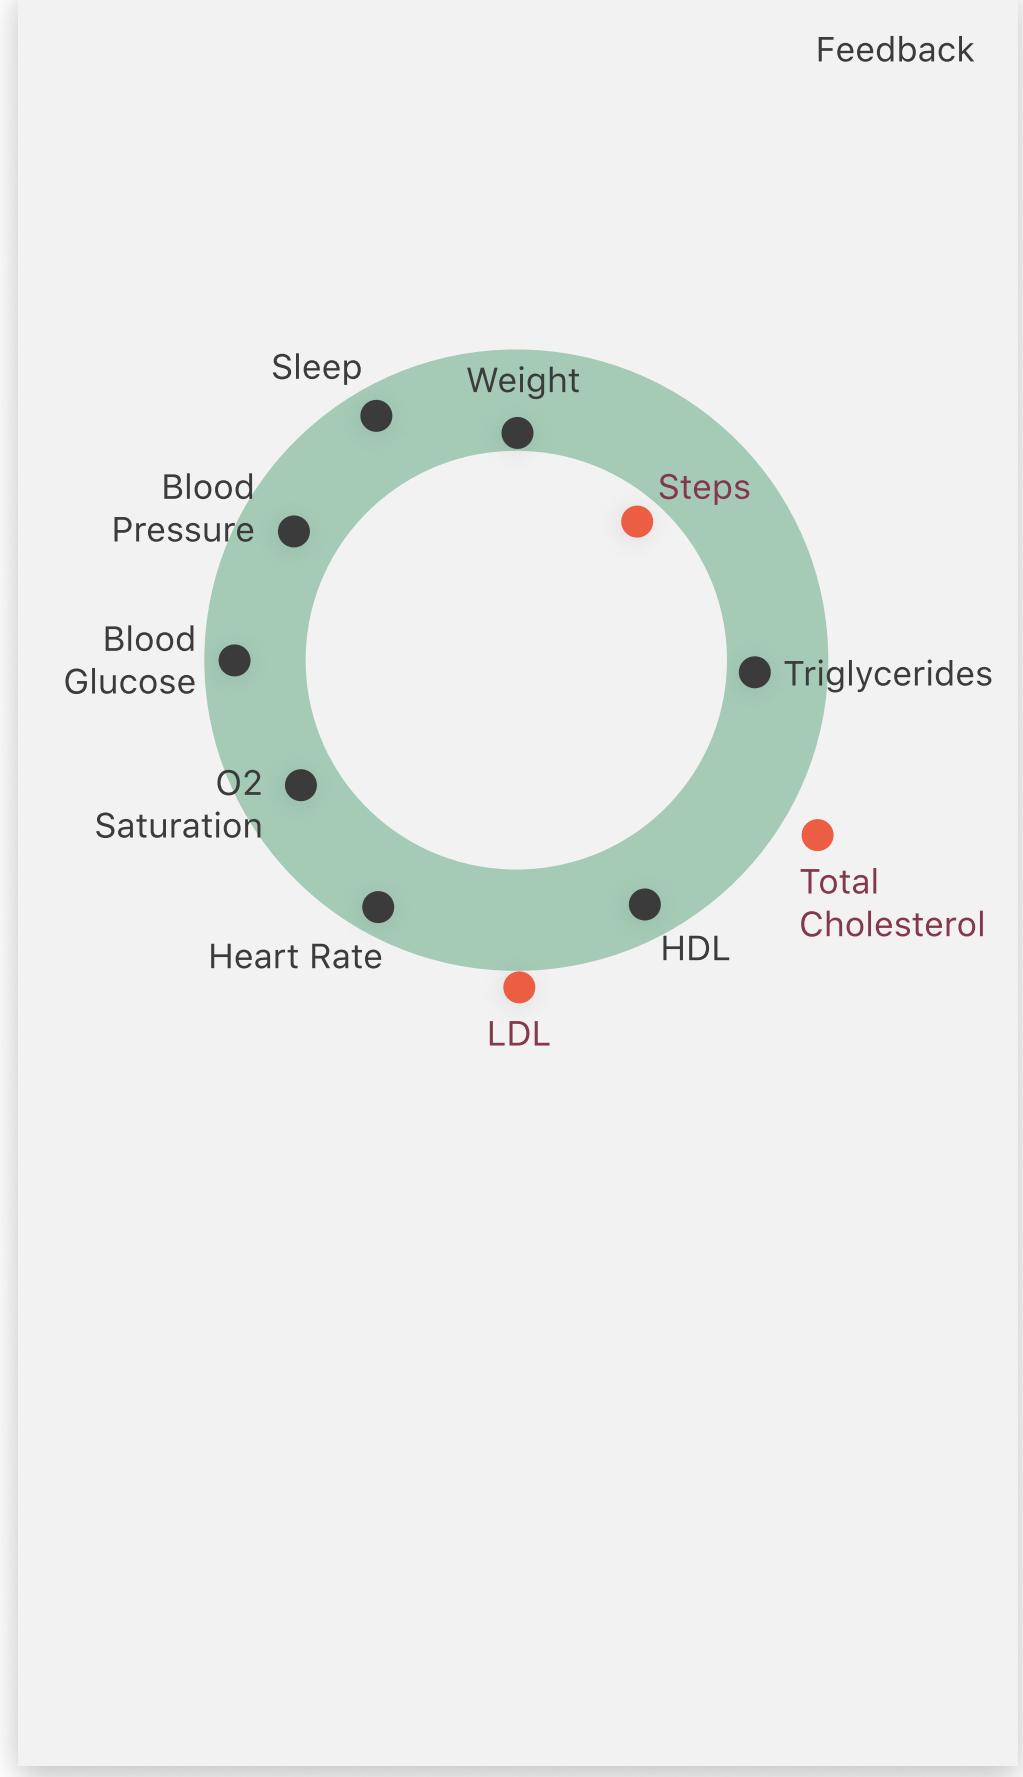

Connecting to Apple Health

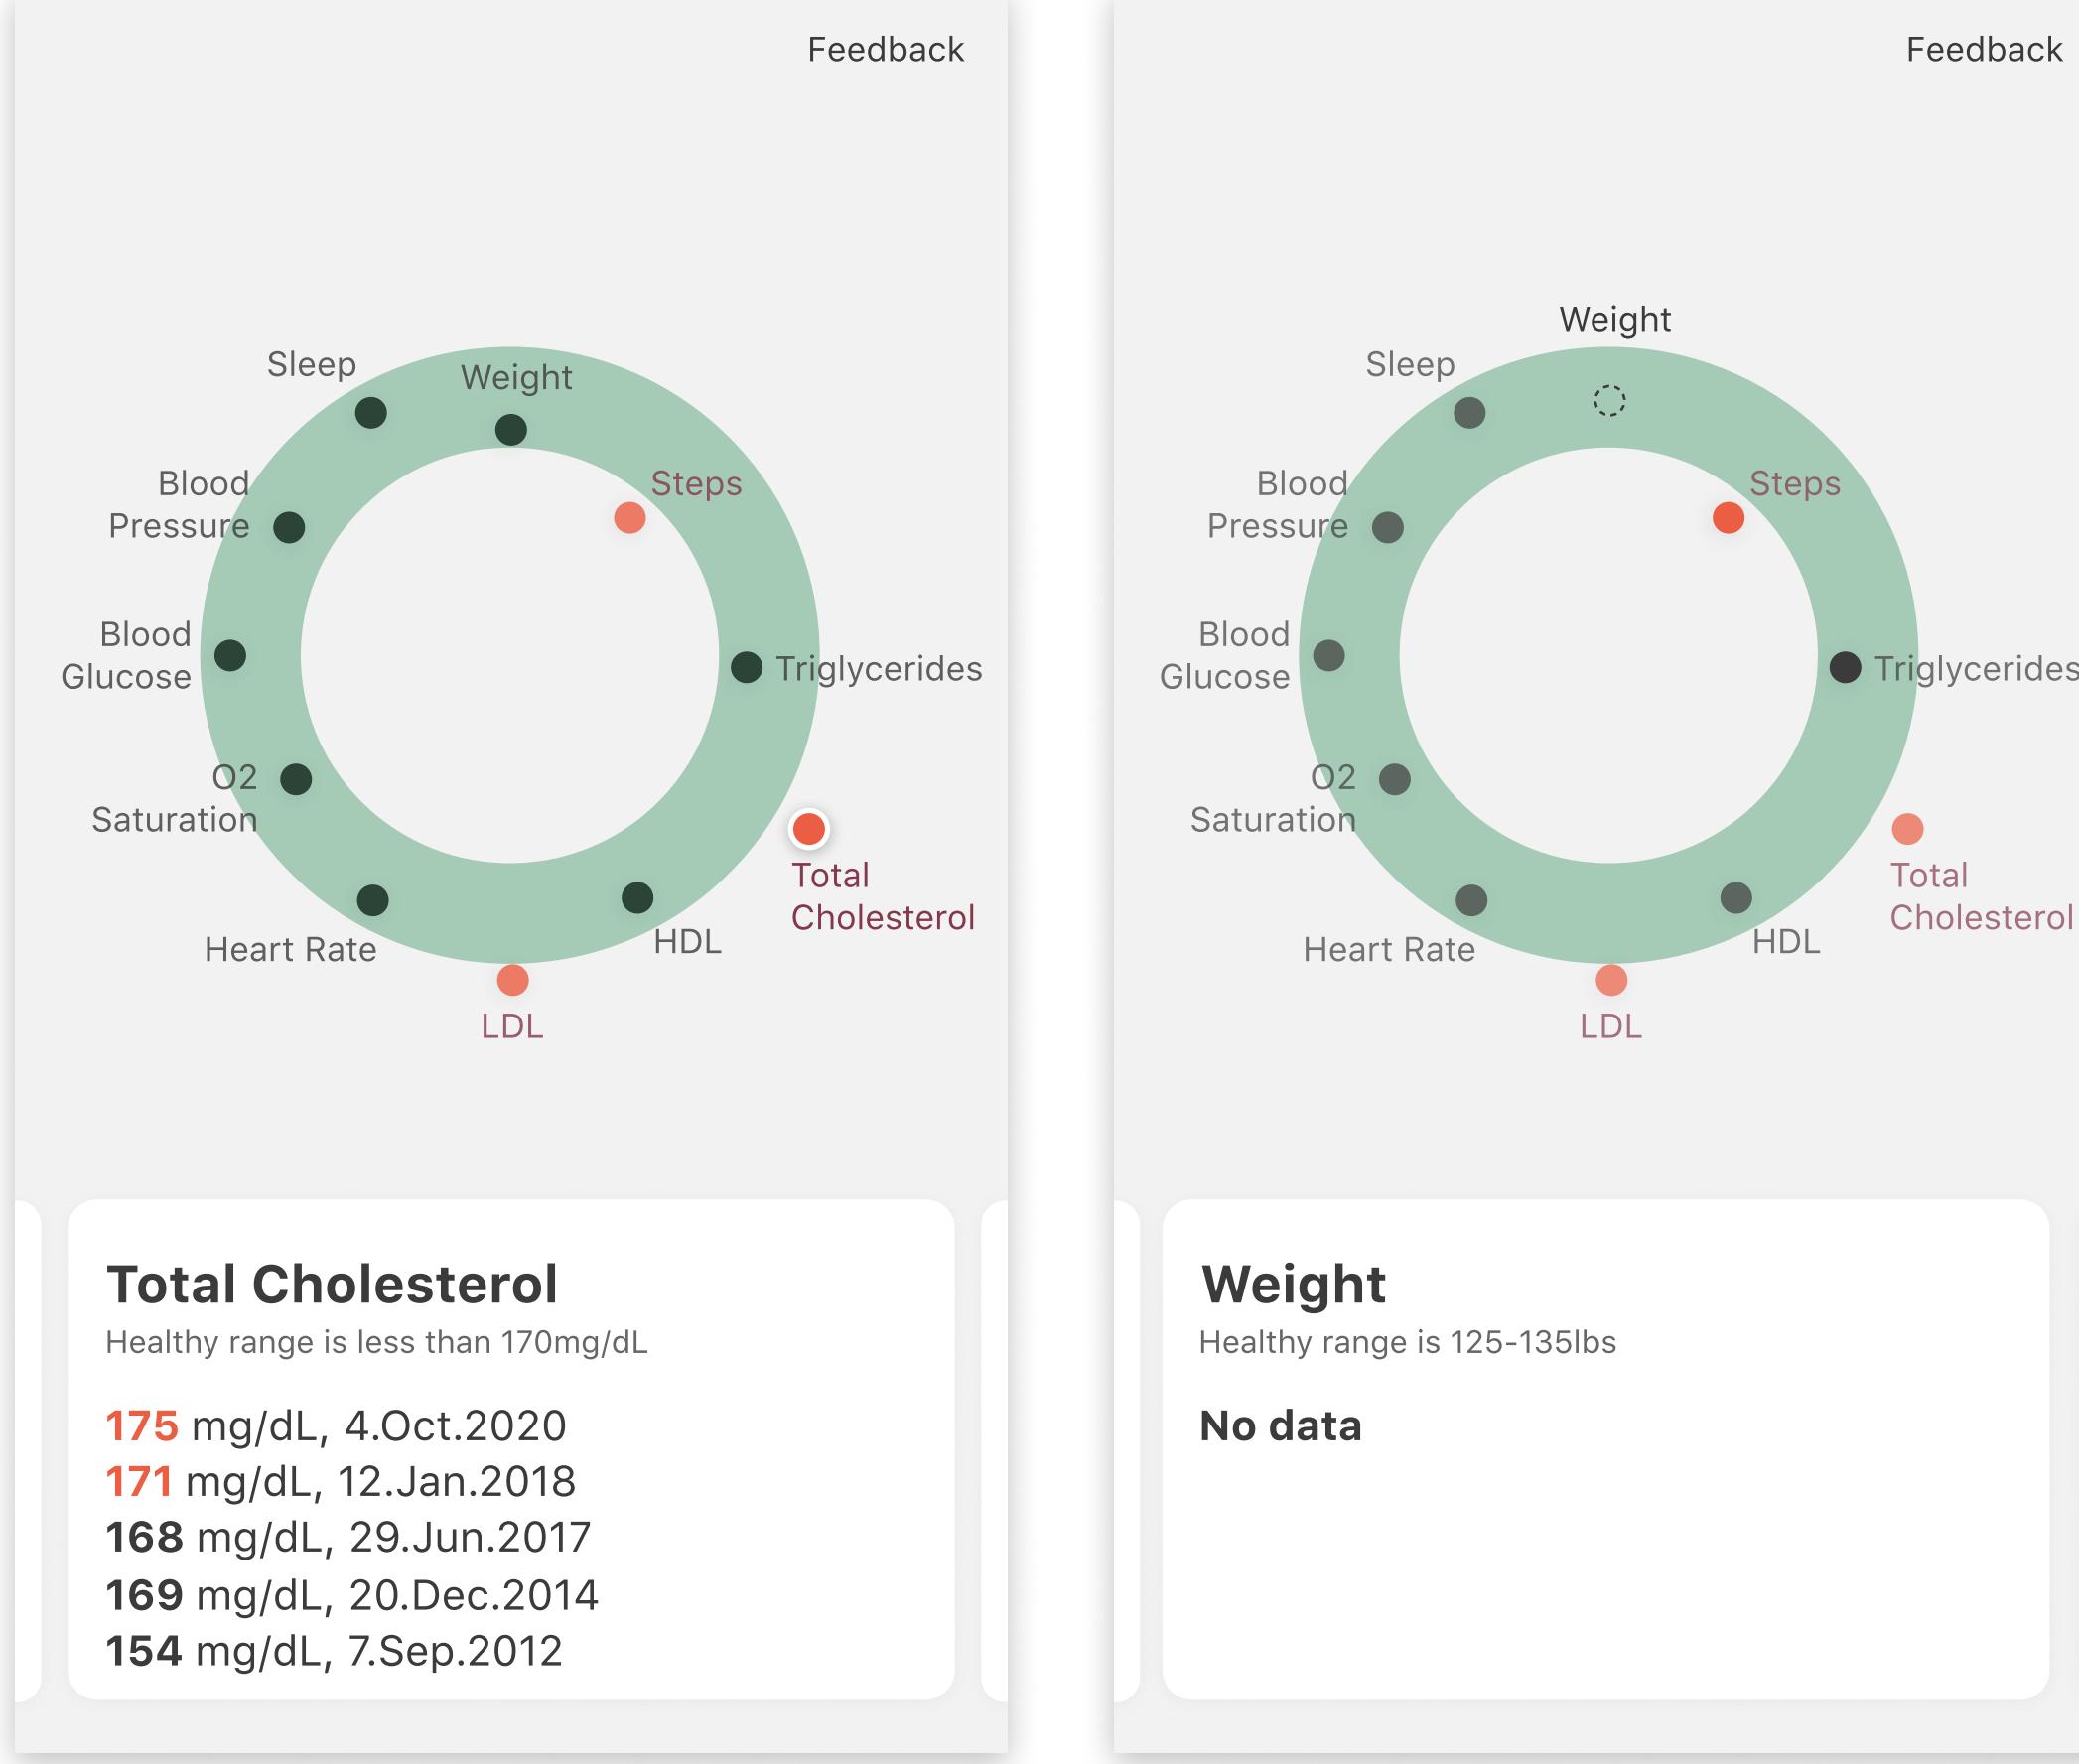

## C. Live

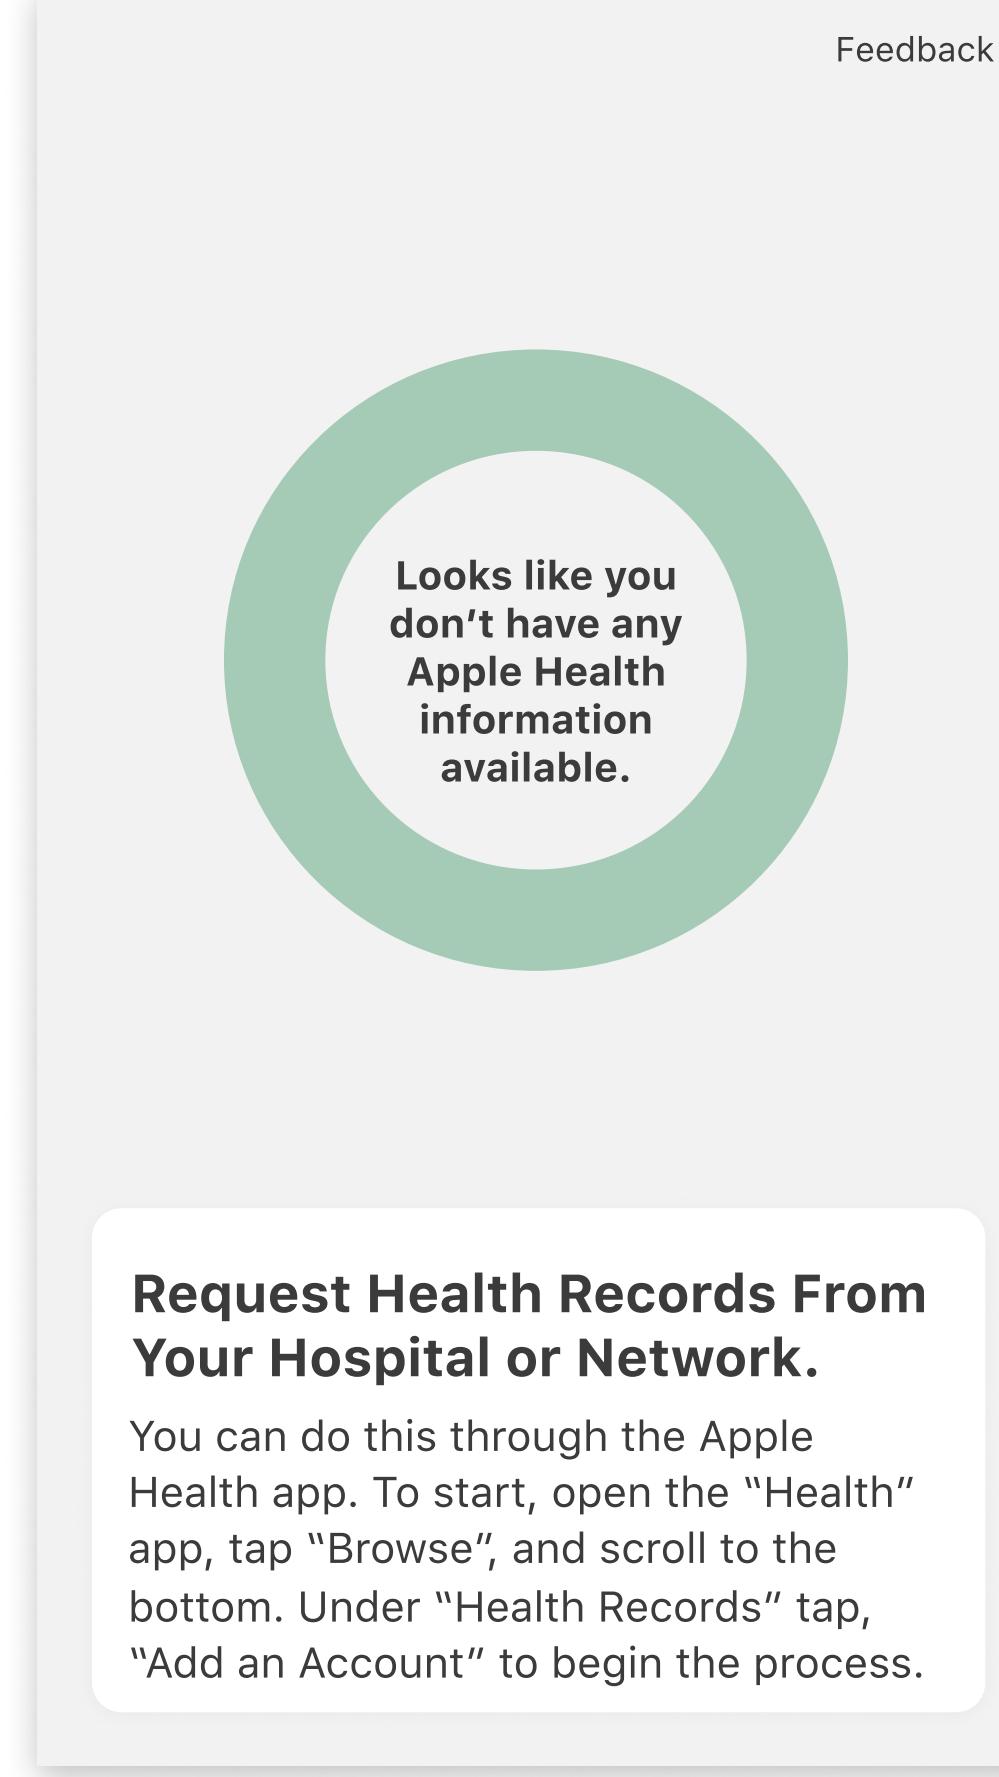

6. No Selected hMetric

7. Selected hMetric

8. No hMetric data

Selected hMetric dot gets a white stroke and a drop shadow. Other hMetrics are dimmed to 70% opacity.

In this example "Weight" has no data available and displays differently.

This is also an example of selecting an hMetric that has no data
